0 of 0 review helpful Let's Go 5 Good to Go By J Nichols This will be the first time for me to use these materials chosen for a short 2 week children's ESL summer enrichment course. The student book is well laid out. Although the chants seem a little drab, I believe that they will provide the necessary repetition of structure and intonation. I really like the teacher's edition. Lots of additional activities and black & white Success from the very beginning. 1. It gets children talking from the very beginning with conversation and question and answer practice. 2. It teaches each language pattern step by step and repeats it with plenty of practice which leaves every child feeling I can do it. 3. It uses children's natural skills through music and movement with the acclaimed Carolyn Graham's fabulous songs, chants and drum tracks so they will remember. About the Author: Ritsuko Nakata gained her BA from the University of California in Los Angeles. She has been involved in ELT for over 30 years and is currently President of IIEC Teacher Training Center for English Teachers of Children and President of AETC.
