By Seth Lerer : Inventing English: A Portable History of the Language inventor dean kamen lays out his argument for the segway and offers a peek into his next big ideas portable energy and water purification for developing countries repeated takes a short history of recording and its effects on music verso 1995 by michael chanan

the first general book on the history of the recording industry *Inventing English: A Portable History of the Language*:

8 of 8 review helpful A great overall survey of the evolution of English By Michele I have long been looking forward to reading this book it has been on my TBR pile for months It finally worked its way to the top of the stack and I am happy to say it did not disappoint *Inventing English* traces the evolution of English from the earliest known written document in Old English to the modern day As the autho Seth Lerer tells a masterful history of the English language from the age of Beowulf to the rap of Eminem Many have written about the evolution of grammar pronunciation and vocabulary but only Lerer situates these developments within the larger history of English America and literature This edition features a new chapter on the influence of biblical translation and an epilogue on the relationship of English speech to writing A unique blend of historical and perso From Publishers Weekly Starred Lerer is not just a scholar he s a professor of humanities at Stanford and the man behind the Teaching Company s audio and videotape series *The History of the English Language* he s also a fan of English mdash h
