0 of 0 review helpful Prepositions Illustrated the Intention By D Acock This book was originally conceived by Margaret Freitag who had many years of experience in teaching english to students in asia Her thoughts when she contacted me about illustrating this book were that it be a reference book that one could carry with them with illustrations to make the transition and translation easier and fun She chose the chara One of the most difficult aspects of learning English as a second language is mastering the use of prepositions and prepositional phrases Many

languages do not even have prepositions as a part of the language thus making this part of speech difficult for nonnative speakers to use properly. Prepositions Illustrated aims to make the learning process easier and the teaching job more effective by introducing new variations on old methods and capturing the student's attention.
