By Rosina Lippi-Green : English with an Accent: Language, Ideology and Discrimination in the United States
prejudice is an affective feeling towards a person or group member based solely on their group membership the word is often used to refer to preconceived usually the united states of america is a large country in north america often referred to as quot;the usaquot; quot;the usquot; quot;the united statesquot; quot;the united states of americaquot;

quot;the English with an Accent: Language, Ideology and Discrimination in the United States:

1 of 1 review helpful Great for those who disagree with her main points By Ken Benjes Great book What I appreciate is that the author really understands that many readers will take issue with everything she believes in The notion that the way a person speaks is not indicative of their intelligence is something that many will struggle with The author realizes this and never approaches the topic in a condescending manner Since its initial publication English with an Accent has provoked debate and controversy within classrooms through its in depth scrutiny of American attitudes towards language Rosina Lippi Green discusses the ways in which discrimination based on accent functions to support and perpetuate social structures and unequal power relations This second edition has been reorganized and revised to include new This second edition of English with an Accent exceeds the high standard of research excellence that Lippi Green first displayed in 1997 This new book introduces keen insights about language justice discrimination and the human condition
