**By Richard M. Krill : Greek and Latin in English Today** the greek alphabet has been used to write the greek language since the late 9th century bc or early 8th century bc it was derived from the earlier phoenician alphabet about 80 percent of the entries in any english dictionary are borrowed mainly from latin over 60 percent of all english words

have greek or latin roots in Greek and Latin in English Today:

As a vocabulary builder as well as an effective approach to reaching a better understanding of the critical roles Greek and Latin played in the development of English Dr Richard Krill's Greek and Latin in English Today is a superb text that features an incremental approach to building English vocabulary. The book also includes lucid explanations of the metric system Roman numerals and other classification systems and exercises aimed at reinforcing each chapter's less. There is no doubt that the scientific vocabulary in English and other languages has increased enormously with every advance of modern science and technology and this is in addition to the technical vocabulary for non scientific discourse and disciplines. Rich
