**By Deborah Brandt : The Rise of Writing: Redefining Mass Literacy** what is literacy an investigation into definitions of english as a subject and the relationship between english literacy and being literate the one that got away by melissa pimentel melissa pimentel delivers smart funny and modern retelling of jane austens persuasion The Rise

1 of 1 review helpful Extraordinary Analysis By Margaret M Regan This book examines how writing has surpassed reading as a method of sharing ideas in a democracy As people author their own ideas rather than analyze the great books all information is equal regardless of evidence 0 of 0 review helpful great By skr loved the historical perspective running through this Millions of Americans routinely spend half their working day or more with their hands on keyboards and their minds on audiences writing so much in fact that they have less time and appetite for reading In this highly anticipated sequel to her award winning Literacy in American Lives Deborah Brandt moves beyond laments about the decline of reading to focus on the rise of writing What happens when writing overtakes reading as the basis of people s daily literate exp Based on seven years of interviewing people in workplaces for the state and as authors this remarkable book makes strong claims about the growing significance of writing I was drawn into it from the first page of the introduction and just wanted to read on
