**By Kristin Denham, Anne Lobeck : Linguistics for Everyone: An Introduction** in linguistics anaphora n f r is the use of an expression whose interpretation depends upon another expression in context its antecedent or cal digests are a series of short reports that highlight current topics of interest covering a variety of subjects related to language learning cultural orientation Linguistics for Everyone: An Introduction:

2 of 2 review helpful Good introductory book By Ruthie Good introductory book haha after I took a class where we went through this book I transferred to another school and changed my major to linguistics Not all the book meaning my awesome professor had something to do with it but it did help catch my interest 0 of 0 review helpful Great book slight IPA differences By Cu LINGUISTICS FOR EVERYONE AN INTRODUCTION Second Edition connects the

study of linguistics to the language you use every day. The text is very user friendly, casual writing style, logical presentation of material, balance of theoretical and practical, entertaining information and lots of ideas and activities to put what you learn to use right away. The first chapter gives you the basics such as how to define language, new ways to look at grammar, your innate knowledge. Covers all topics I typically cover and covers them extremely well. &hellip; an upbeat, readable and entertaining without being frivolous presentation of complex linguistic concepts. Truly I have never encountered such an engaging introduction to the linguistics.
