By Gary Judge : The Timeline History of the English Language a brief history of the english language english is a member of the indo european family of languages this broad family includes most of the european languages a comprehensive timeline of irish history from 8000 bc to the present The Timeline History of the English Language:

2 of 3 review helpful Interesting easy to understand reference work By G Johnson I will say right off if you have and interest in the history of languages the English language you will a already know a lot of what is in here or b if you re starting learning you will find that there isn t much in depth information ie this book is best taken as a supplement I believe However that said this is a great The Timeline History of the English Language is a book which orients the reader With its many timeline charts maps and illustrations the reader can run through every significant event and

phase of the English language. The reader comes away not dumbstruck by the complexity of it all but oriented and cognizant of why, how, when and where our language changed. Take for example the Viking invasions: the reader finds out exactly when and where what words were adopted. About the Author Gary Judge, a New Zealander, has been living in Japan for the last 20 years where he has been teaching English and drama as well as developing programs to facilitate the study of English for Japanese. Gary finding that many people
